WHAT IS YOUR COMPLAINT?

Please be as specific as possible within the space provided

Name of mass media invention promoter advertised:

Pat Abcm Callar & Identification Assembly

Invention promotion services offered to be performed:

Obtain a patent, create promotional materials, get in touch with and promote product to MANY different companies via internet, direct mail, invention conventions (world wide), etc. Not encourage
 Explanation of complaint between customer and invention promoter: us by exclaiming over "over, "what a great invent and" was a sure thing."

Paid \$9,250.00 directly to ISC plus the cost to obtain patent.
All we got in return for this large amount of money was one small pamphlet and a bound book with invention information. We saw a small notice posted on their internet site for a short period.

We were not represented as they promised.

We realize now, in hind site, that we actually got very little for the large amount of monies paid to this company.

They cheated us and used our trust in them to inflate our hopes of success. They had us sign papers "as formality:

on standard forms" while they were telling us "this looks like a sure thing" and "can't miss with this!" "there's nothing else out there on the market like this!" "I really believe you're going to make a bit of money on this idea"

We were very naive and got taken!

Signed: Aldo Glussich Date: 1-29-2003
